**LASUSTECH SDG 17 (PARTNERSHIP FOR THE GOALS) REPORT**

LASUSTECH is committed to achieving the Sustainable Development Goals (SDGs), and SDG 17, Partnerships for the Goals, is a top priority for the university. LASUSTECH has made significant progress in recent years in developing and strengthening partnerships with a wide range of stakeholders, including other universities, government agencies, businesses, and civil society organizations. These partnerships are essential to LASUSTECH's efforts to achieve the SDGs, and to have positive impact on the local community.

**Key Partnerships**

LASUSTECH has developed and strengthened partnerships with a wide range of stakeholders, including:

- a) Other universities: LASUSTECH has partnerships with other universities in Nigeria and around the world for research collaboration, student exchange, and faculty development programs.
- b) Government agencies: LASUSTECH has partnerships with government agencies at the local, state, and federal levels on a variety of projects, including agricultural research, environmental protection, and public health initiatives.
- c) Businesses: LASUSTECH has partnerships with businesses on a variety of projects, including curriculum development, internship opportunities, and research collaboration.
- d) Civil society organizations: LASUSTECH has partnerships with civil society organizations on a variety of projects, including community development, human rights promotion, and environmental protection.

**Impact**

LASUSTECH's partnerships have had a positive impact on the local community. For example, LASUSTECH's partnership with the Lagos State government on agricultural research has helped to improve agricultural productivity and food security in the state. LASUSTECH's partnership

with the United Nations Development Programme on environmental protection has helped to reduce pollution and improve environmental quality in the Lagos area.

## **Conclusion**

LASUSTECH is committed to achieving SDG 17, and the university has made significant progress in recent years in developing and strengthening partnerships with a wide range of stakeholders. These partnerships are essential to LASUSTECH's efforts to achieve the SDGs, and they have had a positive impact on the local community.

## **Recommendations**

We will:

- a) continue to develop and strengthen partnerships with a wide range of stakeholders.
- b) focus on partnerships that have the potential to make a significant contribution to the SDGs.
- c) evaluate the impact of partnerships on a regular basis.
- d) established a new Office of Partnerships to coordinate and support the university's partnership activities.
- e) launched a new partnership matchmaking program to help connect LASUSTECH with potential partners around the world.
- f) secured funding for a new research project on sustainable partnerships for development.
- g) hosted a workshop on partnerships for the SDGs for representatives of universities, government agencies, businesses, and civil society organizations.

LASUSTECH is committed to continuing its efforts to strengthen partnerships for the SDGs in the coming years. The university believes that partnerships are essential to achieving the SDGs and creating a more sustainable and equitable world.

Yours sincerely,

Engr Dr S O Omogoye
