LASUSTECH SDG 8 (DECENT WORK AND ECONOMIC GROWTH) REPORT

LASUSTECH is committed to achieving the Sustainable Development Goals (SDGs), and SDG 8, Decent Work and Economic Growth, is a top priority for the university. LASUSTECH has made significant progress in recent years in addressing SDG 8, and this report highlights some of the key achievements.

Employment Opportunities

LASUSTECH creates employment opportunities for its students and graduates. The university hires a large number of people to work in its various departments and units. LASUSTECH also supports entrepreneurship and innovation among its students and graduates.

Economic Growth

LASUSTECH contributes to economic growth through its teaching, research, and outreach activities. The university's graduates highly skilled and prepared for the workforce in the legacy institution (LASPOTECH). LASUSTECH also conducts research that supports economic development.

Working Conditions

LASUSTECH is committed to providing decent working conditions for its employees. The university offers competitive salaries and benefits, and it has a number of policies in place to protect the rights of its employees.

Impact

LASUSTECH's efforts to achieve SDG 8 have had a positive impact on the local community. The university has created jobs and contributed to economic growth. LASUSTECH has also provided decent working conditions for its employees.

Key Achievements

- a) Hired over new employees in the past year.
- b) Supported student entrepreneurs through the university's business incubator program at center of entrepreneurship (CESA) .

- c) Conducted research on a variety of economic development topics, such as SME development and job creation.
- d) Implemented a new salary and benefits package for employees.
- e) Established a grievance redressal committee to protect the rights of employees.

Conclusion

LASUSTECH is committed to achieving SDG 8, and the university has made significant progress in recent years. The university has created jobs, contributed to economic growth, and provided decent working conditions for its employees. LASUSTECH is well-positioned to continue its efforts to achieve SDG 8 in the coming years.

Recommendations

- a) Continue to invest in programs that create employment opportunities for students and graduates.
- b) Support entrepreneurship and innovation among students and graduates.
- c) Conduct research that supports economic development.
- d) Continue to provide decent working conditions for employees.
- e) Track and measure progress towards SDG 8 goals and targets.

Yours sincerely,

Engr Dr S O Omogoye
